CONVENTION ATTENDANCE EX-CEEDS EXPECTATIONS.

Rev. F. E. Bigelow Elected President of the Union Yesterday Morning, With W. P. Havenor as Secretary and Treasurer-Talks Made Yesterday on Subjects of Interest.

Every session of the Christian Enieavor convention yesterday was a marked success, and the attendance broke all records. The enthusiasm started in the business meeting in the morning increased at the later meetings, and culminated in a grand rally last evening that gave hope and encouragement to every friend of the

than fulfilled the promise to be the best ever held in the state. The climax will be reached today, and all indications point to splendid meetings and a general interest among the Christian people of the entire city.

Business Session Held.

The business session of the convention was held in the Collegiate Institute, beginning at 9 o'clock in the morn-The most interesting feature of this was made up of the reports from the struggling little societies scattered throughout the state—in the rural villages and mining camps, where the where, as one delegates reported, each sinner coming into the community is and the problem she has to meet.

Reports were made of how these

pay off caurch debts, helping to build
new churches and repair old ones; establishing missions in out-of-the-way places in the city; buying lots on which to build mission chapels; collecting money for home and foreign missions supporting teachers in foreign mission fields; educating boys and girls in Alaska, the Indian Territory and other

tian Endeaver workers. He emphasized the importance of the different committees and held that every member of the society should be a member of some committee. The flower committee has an important mission in carrying flowers to the sick, many of whom in the cities never see flowers.

Importance of Committees.

The lockout committee is one of great importance; it should build a fire around the president or any branch of the society that is lax in its work. The solal committee has a great work to do. The story was told of how Christ fed the multitude, but first divided them up into companies of fifty and gave them a chance to get acquainted gave them a chance to get acquainted with each other and be sociable. The third committee of importance, in Dr. Beach's estimation, is the devotional committee, and many good things were said as to how devotional services should be conducted and made interesting and profitable.

The open parliament that followed was conducted by the newly-elected president, Rev. F. E. Bigelow, and was the most important part of the morning session. The business meeting of the society was discussed and various the society was discussed and various methods of making it a success were proposed. The quiet moment in the society meeting came in for much discussion, as did also the best ways of inducing members to take a part in the proceedings without forcing the work upon them and thus driving them

The discussions on these topics were animated and brought out many good suggestions. Dr. Beach, Mr. Bigelow Mr. Bagby, Mr. Shanks and Mrs. Sheppard led in the discussions, but were closely pressed by a number of other enthusiastic workers. Mr. Bagby's statement that he could not count money, as an excuse for not serving

money, as an excuse for not serving on an auditing committee, caused a hearty laugh, as did also his statement that the sweetest part of music was often the rest between the notes.

The morning session closed with song and a brief prayer by Dr. Beach, and then the delegates filed out to the front steps of the church, where they were photographed by Johnson.

The most significant thing said by Dr. Beach during the session, and the

ices.

There was quite a large attendance at the afternoon session, and there was much enthusiasm. During the first part of the proceedings the spiritual wants of the young people were displaces for church work; the work cussed and there were many exercises among the Chinese in Salt Lake and which amused them greatly. It was

At the close of the hour President Tolles introduced Mr. Jenks of the Oregon Christian Endeavor union. Booth Couldn't Come.

J. J. Booth, who is president of the Penitentiary Christian Endeavor society, was to have addressed the mecting on prison work, but the warden would not allow him to attend the meeting, so the duty fell on Mrs. E. B. Rathbone, who is state superintendent of prisons and jails for the W. C. T. U. She said that her faith in the work of the Christian Endeavor society had been strengthened since she commenced

The society in the prison was organized on the 20th of last July with seven active members; it now had twentythree active members. She read a letter written by Booth at the peniten-tiary to the effect that the work was doing much good among the prisoners, and that those who belonged to the so-ciety went about their daily duties more cheerfully and did better work.
